The college's beautiful grounds and charming buildings provide a peaceful and warm home for residential students, the perfect environment for study, reflection and communal Christian living. The college is also close to public transport, making it the ideal location from which to explore Sydney.

All accommodation facilities are on-site, located within the grounds of the college.

College Dormitories

There are two wings of single-sex dormitory rooms in the main building of the College. All rooms are single bedrooms furnished with a bed, desk, and wardrobe. There are communal bathrooms located in the male and female wings.

College Houses

Campion College provides shared accommodation in single-sex housing. Depending on availability and demand, there are several types of rooms available: single, double, and triple. Some of these rooms have ensuites. Each student has their own bed, desk and wardrobe.

Included amenities

Wireless internet, kitchenettes, student common room, storage areas and laundry facilities (washing machines and dryers, irons and ironing boards).

Community life and pastoral care

Campion's Student Wellbeing Team is a vital partner in the education process at Campion. The team know the students personally and provide professional support services, assisting with issues related to accommodation, study techniques, time management, health, special needs and pastoral care. Referrals to nearby medical, dental and counselling services can all be organised through the college and the college chaplaincy team is regularly available to assist students.

Campion College students of all year levels are housed in each type of accommodation. The integration of students from across year levels fosters personal growth and maturity, deepening of relationships and development of Christian virtues. It also provides leadership opportunities for senior students.

Each College House and College Dormitory is assigned a Residential Assistant who is a senior student of the college. Residential Assistants plan and implement social activities for residents, assist students with settling into college life and provide support throughout the year. All Residential Assistants meet regularly and are under the direct supervision of the Senior Residential Assistant, who is a member of staff.

Rates

The rates for accommodation are kept as low as feasible, allowing as many students as possible to benefit from living on-campus. The cost includes accommodation, meals (breakfast and dinner) and essential services. Students are required to bring their own bed sheets, pillows and blankets. These can also be purchased locally or hired from the college.
